SIR

I have the honour to state that the sweepers and scavengers of this Municipality struk work for 3½ days in the month of February 1944 on the ground that they were feeling much difficulty in procuring the supply of ragi, that the wages of some of them was less than Rs 10/- and that they might be granted pension etc , The matter, having been considered by the Municipal Council, they have constituted a Special Committee to furnish proposals to improve their living condition The report of the Special Committee is awaited

In the meanwhile, arrangements have been made for purpose proper supply of ragi to them in the Municipal Grain Depot and orders of Government have been obtained to pay Rs 10/- p m to such of those who were being paid less than Rs 10/- P M A recommendation has also been made in this Office letter o A5-C 173/44 dated 10-11-1944, to start a provident scheme for their benefit

The Health Officer reported that the sweepers and scavengers were urging for the disbursement of their wages for the 3½ days they struk work and recommended that their prayer might be granted as they were very poor The matter having been placed before the Municipal Council, they have, at their Meeting held on 11-11-1944, resolved that the period of their absence for the said 3½ days might be treated as leave and the allowance disbursed to them

As this is an unusual expenditure and as it would hit hard the sweepers and scavengers if this concession is not shown to them, I request that sanction of Government may kindly be obtained to the said resolution of the Council, copy of which is herein enclosed
